

WE BEND OVER BACKWARDS...

FOR YOU. At Amba Yoga, we cater to our students, from beginners to those who have done yoga for years. Whatever your experience or physical condition, we help make each and every pose work for you.

COMFORT. Our classrooms are around 70 degrees, not 107 (which can be dangerous for some people). Each class revolves around the students, not a rigid regimen of the same poses over and over. We offer you ease, flexibility, a choice of yoga styles -- with teachers who are thoughtful and attentive.
