

There's only *one* bookkeeper who doesn't take vacation (or vacation pay)...

# Our bookkeeper.

**EasyBookkeeping** is accurate, affordable and uniquely efficient. Aside from the fact that you'll no longer have to pay for a bookkeeper's salary, benefits or vacation, you'll now only pay *per transaction*, and have accurate record keeping all the time, not just part time. Besides, you have enough to do, so why not let us worry about your A/R, A/P, payroll record keeping, and bank reconciliations. We're experts at it. EasyBookkeeping updates your records every night, so we're

not only within your budget, we're out of your hair. So choose: spend more than you have to, or pay only for what you need. Any questions? Good, we'd be happy to hear from you and answer all your questions. And we'd be equally happy to save you money.
