

Why Isn't Someone Doing Something About

HOME SHARING FOR SENIORS?

WHAT WE DO: We help Seniors remain in their homes by bringing older homeowners together with carefully screened home seekers willing to exchange their services for lower rent. So for those who say there is little affordable housing on Long Island, **Family Service League** answers with **HomeShare**. Young adults get an affordable place to live, older folk get the assistance and companionship they require.

WHAT CAN YOU DO? Give money, give time. \$20, \$40 or \$60 will go a long way to help your fellow Long Islanders in need. Go online to donate, or call to see where you can show up, lend a hand, and show what Long Islanders are made of.

SOMEONE IS.
